GENERAL INFORMATION

At the time of making your reservations online, we will advise you whether or not your reservations are confirmed or whether you have been waitlisted. Your credit card will be charged immediately for all confirmed reservations. Should space become available for a waitlisted shore excursion request, we will e-mail or otherwise contact you at that time and either immediately charge your credit card if you have already given us your credit card information or ask you to provide us with that information for immediate charge processing. Shore excursion reservations are subject to cancellation by us at any time prior to the credit card charge being accepted by your bank. If the credit is not fully utilized during the cruise, the balance will be paid to that guest by the ship's Purser.

Frequently Asked Questions

FREQUENTLY ASKED QUESTIONS

WHAT SHOULD I WEAR?

Comfortable walking shoes are recommended for all shore excursions. When you visit places of worship (cathedrals, churches, etc.), we recommend dressing conservatively (shorts and sleeveless sundresses should not be worn), but casual clothing is perfectly acceptable. Dress in layers and have a jacket along. Bring an umbrella or raincoat, and a hat and sunscreen.

WHAT ABOUT MEALS?

Most tour departures complement the ship's meal service hours. 24-hour room service is available on board.

HOW WILL I KNOW WHAT TIME EACH TOUR DEPARTS?

The on-board Shore Excursion Planning Form in your state-room will show departure times. This information will also be printed on your shore excursion vouchers, which you will receive on board as your tour ticket. Approximate tour departure times are posted on our website at www.hollandamerica.com.

I HAVE A DISABILITY. HOW DO I KNOW WHICH TOURS WILL BEST SUIT ME? WILL I HAVE A PROBLEM (DIS)EMBARKING THE SHIP?

Guests with disabilities should inquire in advance whether a shore excursion will be able to accommodate their needs. We have graded the Shore Excursions according to the relative level of activity they entail. The walking icons that appear at the beginning of each tour description provide a general idea of the level of activity to expect. Please refer to the "Choosing Your Tours" section in this brochure for specific information on the walking icons. Most guests will find it beneficial to attend the shore excursion briefing on board the ship for evaluating the required activity level for each tour. It is important to keep in mind that shore excursion operators are subject to the laws of their own country including with respect to accommodating the needs of guests with disabilities. In most foreign countries, the laws are not as stringent as those in the United States. Please speak with the Shore Excursion Office as to whether you can expect to encounter difficulties (dis)embarking the ship in a particular port of call. In this regard, the decision whether or not

to carry or provide other mobility assistance to a guest and their mobility assistance device (wheelchair, walker, etc.) up or down a ship's gangway, or on or off a tender boat, is at the sole discretion of the Captain, made based on his evaluation of guest and crew safety. We encourage you to bring a collapsible wheelchair as space limitations may restrict the ability of some tour operators to accommodate motorized mobility aid devices.

DO ALL THE PORTS AND TOURS IN THIS BROCHURE PERTAIN TO MY CRUISE?

Not necessarily, as this brochure may cover more than one sailing. Please refer to your cruise itinerary to determine which ports you will visit, then turn to those port sections to see the tours. Not all tours in each port are available on all ships or all cruises.

ARE THERE ANY OTHER TOURS OFFERED THAT ARE NOT PUBLISHED IN THIS BROCHURE?

Yes, we often add tours to our program after the brochure is published. For additional tours that may now be available in the ports you are visiting, please check our website at www.hollandamerica.com.

I AM TRAVELING WITH FRIENDS AND WE WOULD LIKE TO BE ON THE SAME MOTOR COACH

The departure location for each shore excursion is printed on your shore excursion vouchers. If you wish to travel with friends, please arrive at the designated meeting place together. This will enable the staff to allocate space for you on the same vehicle.

TOUR DURATIONS

This brochure is designed to help you select the excursions most suited to your interests. The individual tour descriptions include approximate durations. To allow our Shore Excursion Managers flexibility to coordinate your time in port with meals and activities on the ship, exact departure times are published in the Shore Excursion Planning Form on board. For more information, please attend the Shore Excursion briefing or visit the Shore Excursion Office.

TOUR DESCRIPTIONS

Tour descriptions may change after printing. Information that becomes available after this brochure is published will be posted in the Shore Excursions section of our website, which can be found online at www.hollandamerica.com. Significant changes will be noted on the Shore Excursion Planning Form on board. Tour schedules are subject to change.

And since your tour includes only those with whom you choose to travel, your experience is intimate.

TO WHOM IS THE SIGNATURE COLLECTION SUITED?

The Signature Collection is for single/solo travelers, couples, families, friends, and special interest groups traveling together. This may also be an excellent choice for non-ambulatory guests. Value, flexibility, privacy, comfort, safety, and personalized guide service are the advantages of Signature Collection tours.

ABOUT THE SIGNATURE COLLECTION

Enjoy guaranteed, first-class guide service and personalized touring that you can book in advance in the height of summer. The tour operators will advise the ship of any vehicle delays prior to sailing, so you need not worry about missing your ship.

ABOUT THE TRANSPORTATION

Depending on which port you are in, the available modes of transportation may include floatplane, skiff, Hummer and four-wheel-drive vehicle, etc. Not all modes are available in all ports.

ALSO INCLUDED

The cost includes the service of a driver and English-speaking guide, unlimited mileage within the time reserved, parking fees, and bottled water.

NOT INCLUDED

Guests' entrance fees for attractions are not included in the vehicle price due to the wide range of attraction possibilities, uncertain number of attractions to be visited, and varying number of guests participating. Lunch will not be included on any tour as many guests prefer to select their own dining venue.

ITINERARY PLANNING

If you need help planning your personal itinerary, the Shore Excursion Manager can assist you and will gladly answer your questions. Travel time, location and opening hours of attractions need to be taken into consideration to maximize your time ashore.

AVAILABILITY & PRICING

As you look through this brochure, you will find the Signature Collection vehicle, driver and guide advertised only in the ports where the program is available. The cost of each vehicle type will be published online at www.hollandamerica.com.

ONLINE RESERVATIONS

The fastest and easiest way for you to reserve and pay for your private vehicle, driver and guide is on the Holland America Line website. Visit us online at www.hollandamerica.com. Please note that Signature Collection tours are ordered PER TOUR (not per person) so only one person in the party needs to make the reservation. The price shown on the website is the total cost of the transportation, driver and guide (not a per-person price). In many ports, the availability is extremely limited. We encourage you reserve as early as possible.

PAYMENT & TOUR VOUCHERS

Your credit card will be charged after your reservation is confirmed. Next, start planning what you'll do with your private vehicle, driver and guide in each port. On board the ship, you will be given a tour voucher and a form to advise the Shore Excursions Office as to the itinerary you have chosen.

BOOKING ON BOARD

The Signature Collection may be available for booking once you are on the ship, but this cannot be guaranteed. Please check with the Shore Excursions Office on board.

How to Choose Your Tours

Holland America Line is proud to present the Medallion Collection—a series of tours designed to accommodate our most discerning guests. Each of these carefully chosen tours offers a truly different experience, providing an in-depth perspective appropriate for seasoned travelers. You will find the Medallion Collection insignia, as shown, next to a select few tours in this brochure. Our Shore Excursion staff on board will gladly answer any of your questions regarding this innovative program. Space is extremely limited.

EASY ACTIVITY: Very light activity including short distances to walk; may include some steps.

MODERATE ACTIVITY: Requires intermittent effort throughout, including walking medium distances over uneven surfaces and/or steps.

LIMITED CAPACITY: The number of people able to participate in this tour is strictly limited. Reasons for limiting capacity may include the number of transportation seats available, or the need to maintain a safe ratio of guides for hikes, fishing and water activities. Tours require a minimum number of participants in order to operate.

SNACK: This tour includes a small snack or tasting of local specialties. The snack is not a meal.

How to Take More Than One Tour in Each Port

Make the most of your time in each port by combining different half-day tours to complete a full day of sightseeing. Whatever your interests, and whichever pace suits you best, there's a huge variety of tours to mix and match in this brochure. To make combining easy, for tour departure times and durations, visit our website at www.hollandamerica.com.

VALUE

Our award-winning shore excursions offer superior quality and competitive pricing; our guests consistently rate their shore excursion experience as excellent.

ABOUT CHILDREN

All children under the age of 18 must be accompanied by a parent or responsible adult aged 21 or older.

ABOUT THE WEATHER

Alaska is well known for its "liquid sunshine," changing weather and cooler temperatures, so be prepared! The best plan is not to let the weather determine the kind of time you have, but to dress in layers—a shirt, sweater and light raincoat will do—so that you can add or remove layers as needed. Shore excursions operate in all weather conditions. Cancellations due to weather are at the determination of the tour operator only. No exceptions!

ABOUT HIKING

Whether you are hiking a forest path or mountain trail in Juneau, or exploring the rain forest and tide pools of Ketchikan, it is absolutely necessary to wear comfortable hiking boots or athletic shoes.

ABOUT FISHING

Fishing in Alaska lives up to its reputation! While we cannot guarantee a catch, if you are going fishing, you may want to have a plan for what to do once you've reeled in your fish! If your tour is not designated as "catch-and-release," you can review the processing options with your boat captain or guide and have the fish forwarded to your home. Your catch will not be allowed on board the ship.

ABOUT WILDLIFE

Although Alaska's wildlife is abundant, we cannot guarantee any wildlife sightings on any of the shore excursions advertised in this booklet unless indicated otherwise. We are confident that each independent tour operator will make every effort to accommodate the safe viewing of wildlife whenever possible.

About Flightseeing

this process, but please be aware that individual circumstances may not allow for complete privacy. Helicopter tours are not necessarily offered on all programs or in all brochures.

If you do nothing else when you're ashore in Alaska, take *at least* one flightseeing tour. While these shore excursions tend to be some of the more expensive offerings, rest assured that the perspective gained from aloft is absolutely priceless—in fact, you will be forever changed in how you think about Alaska and the sheer magnitude of nature exhibited here. You will discover glaciers that seem to tumble from heaven to earth, ice fields that seem to stretch to eternity, and jagged, unforgiving peaks that relentlessly reach for the stratosphere. This experience is so markedly different from land or sea, there is simply no comparison. And if you've ever thought that all shore excursions necessarily involve a motor coach and a museum, it's time to broaden your horizons. Whether you merely set foot on a glacier's surface or whether you strap on a set of crampons, grab an ice-axe and step out onto a river of ice that has outlived dinosaurs and constellations, you're headed for the real Alaska. Make sure you see it all!

Within this brochure you will find two different types of flightseeing options:

HELICOPTER:

These tours are for more active flightseers, with the opportunity to step out onto a glacier, ride a dog-sled across the surface of the Icefield, or go ice-trekking with full gear and an expert guide.

FLOATPLANE:

One of the most important forms of transportation in Alaska is the floatplane—versatile, practical, ubiquitous. Most commonly used for bear-watching and fishing adventures, floatplanes are able to pull up to remote beaches, bringing you to the heart of the wilderness within minutes of leaving the ship.

WEIGHT REGULATIONS:

Please note that on all helicopter flightseeing tours, guests weighing more than 250 lbs will pay an additional surcharge of 50% over the published fare. Every guest and his/her carry-on items on helicopter tours may be weighed during the check-in process. The tour operator will endeavor to be discreet during

Shore Excursion Prices

If no child's price is published, the tour may be available to children at the adult rate; however, all children under 18 must be accompanied by a responsible adult aged 21 or older, regardless of rate. A general guideline to pricing is found under each tour listing with symbols as follows:

SIGHTSEEING

Best of Haines by Classic Motorcar

Approximately 1 hour • \$

A knowledgeable and entertaining guide shows you the highlights of Haines and shares with you the rich history of the area. Elegantly curved fenders, polished chrome grilles, oversized steering wheels, roomy comfortable interiors and wide white wall tires all work to bring you the best of Haines in a 1930s or '40s six-passenger, vintage automobile. Roam back in time through historic Fort Seward and down coastal roads for an outstanding photograph of your ship. In downtown Haines, see totem poles and Native clan houses, then drive along the fjord, rimmed with mountains and glaciers, to one of the most scenic old canneries in Alaska. Keep a sharp eye out for eagles, and perhaps whales, seals or dolphins, and maybe even a moose or two.

Chilkoot Lake Cruise & Wildlife Exploration

Approximately 3 hours • \$\$

Board an open-air pontoon boat for an enchanting tour of beautiful Chilkoot Lake. Here, you may have the opportunity to observe spawning sockeye salmon, fierce bald eagles and, hopefully, giant brown (grizzly) bears as they feed upon the salmon, undisturbed by your presence. Mountain goats are also often seen grazing along the cliffs. Black bear and moose feed on the intermediate slopes in the late spring/early summer. From the coastal estuary to the glacial inlet river watch birds of all types. Virgin forests of spruce, hemlock, cottonwood and alder cloak the lower mountains while snowcapped peaks and glaciers shine above. Be enthralled by legends of Alaskan heroes and villains, local history, native lore and tales of the wild.

Please note: The boat is covered during inclement weather.

Historical Walking Tour

Approximately 1½ hours • \$

Haines is ideal for a walking tour and a look at the history, Native culture, local plants, and present-day lifestyle of this small Alaskan town. A local guide will show you the highlights of Fort William H. Seward, including Officer's Row, Soap Suds Alley, the parade grounds, and the old barracks building. Visit the former army hospital that houses Alaska Indian Arts, where totem poles, masks and rattles are created. Peer into local gardens as you walk the lesser-known paths to the town center, and you may choose to stop by the local museum, spend some time shopping, or return to the ship with your guide.

A Taste of Haines: Meet the Brewmeister

Approximately 2 hours • \$\$

Sample some of the fresh products that Haines has to offer on this small-group tour. Meet your local guide and head out to Dalton City, a charming gold rush town created for the 1989 Walt Disney film, *White Fang*. Tour Haines Brewing Company, Alaska's smallest brewery with an annual production of only 300 barrels. Meet the brewmeister and learn about the challenges of producing beer in this small Alaska town while you sample Dalton Trail Ale and Eldred Rock Red. Continue with a driving tour of downtown Haines and Fort Seward, and arrive at Dejon Delights to learn how the experts smoke salmon and halibut using smoldering Alaskan birch and black cottonwood. Sample one-of-a-kind recipes such as Lookout Stout-Smoked Sockeye and Lemon-Peppered Halibut. There will be time for shopping before returning to the ship.

Please note: Guests must be 21 years or older to sample the beer.

Deluxe Haines Highlights

Approximately 3 hours • \$\$

This trip combines the history and highlights of one of Alaska's best kept secrets—the quiet, un-crowded, picturesque town of Haines. Board a motor coach at the dock and pass through historic Fort William H. Seward (the first US Army outpost in Alaska) on your way to downtown Haines. Visit the acclaimed Sheldon Museum where the colorful past of this valley comes to life, and a recreated salmon cannery where the entire canning line of antique equipment has been meticulously reconditioned and is in perfect working order. You will stop at this picturesque location before returning to the ship.

Your experienced jet boat pilot guides you deep into the wilderness, searching for bald eagles that can be found nesting in the trees along the river. Also occasionally sighted are black bear, brown bear, trumpeter swans, river otter and beaver. At the end of your tour, sip a hot beverage around a crackling campfire, or under a covered, heated pavilion. The on-site gift shop stocks a broad range of Alaskan treasures.

Please note: Wet weather gear is provided, if needed. Waterproof and windproof lap blankets also provided.

Takshanuk Mountain Trail by 4x4

Approximately 4 hours • \$\$

The Takshanuk Mountain Trail is a 3-hour, six-mile roundtrip drive through some of the most pristine wilderness in Alaska. Your journey begins with a warm welcome from your guide, and a motor-coach transfer via historic Fort Seward (the first US military outpost in Alaska) and along Lynn Canal to the base of the Takshanuk Trail. Here you will be shown how to operate your automatic transmission, four-wheel drive Kawasaki Mule, best described as a heavy-duty golf cart that drives no faster than 3mph on the trail. The Mules are equipped with seat belts and offer easy accessibility for those with limited mobility. The

spectacular views you will see along the way include Lynn Canal and Chilkoot Lake, waterfalls and crystal clear creeks en route to sub-alpine meadows at 1,500 feet elevation. A snack will be provided on the way up the trail and lunch will be served at a rustic restaurant before you return to sea level.

Please note: Four guests or up to five family members can be accommodated per Mule. Restroom facilities are available at the rest stop area. Those wishing to drive the Mules must be age 21 or over and must bring a driver's license.

You can take photos through the scopes. Colorful harlequin ducks, marbled murrelets, loons, surf scooters, porpoises, seals and whales are

among the seasonal highlights. In August, there may be a better opportunity to view grizzly bears foraging along the banks. On the shore of a picturesque lake, experience the lush understory beneath magnificent hemlock and spruce trees during a refreshing walk through an ancient muskeg. Your guide will point out the highlights of Haines and historic Fort Seward on a drive through the town.

Please note: Wildlife sightings are not guaranteed. Current wildlife sighting updates are available at the Shore Excursions office.

Twilight Wildlife Watch

Approximately 3¼ hours • \$\$

Join personable naturalists on an evening journey to the enchanting Chilkoot River. Nestled between rugged glaciers and snow-capped mountains, this fertile valley is the centuries-old fishing grounds of the Tlingit people and home to generations of brown bears, bald eagles, mountain goats, river otters, spawning salmon and numerous birds. You'll follow the route of returning salmon along the ocean, through the estuary and beside the river to a pristine mountain lake. Frequent stops allow guides to spot even the most reclusive animals. During the long Alaska twilight you will have a greater chance to spot grizzly bears. As the sun sets, bear families may descend on the river, leaving the cover of the forest to forage along the grassy banks. From the protection of your bus, witness the "food chain" in action as thousands of salmon swim past the hungry bruins splashing and feeding in the water. Spotting scopes bring the action up close as bald eagles, gulls, ravens and ducks hover over the spawning fish. Discover the connection between the fish, bears and the lush trees that line the river. Following this foray into the wild Alaska night, guides share stories of life in a quaint Alaska fishing village while driving back through downtown Haines.

Please note: Wildlife sightings are not guaranteed. Current wildlife sighting updates are available at the Shore Excursions office.

Chilkat Rain Forest Nature Hike

Approximately 3½ hours • \$\$

This is an excellent opportunity for the whole family. Enjoy light exercise with an intimate look at the lush Alaskan rain forest, coastal meadow and beach on a three-mile guided hike. Approximately 3 hours • \$\$

Beautiful blue glaciers and breathtaking waterfalls combine with the riverfront setting for an incredible visual experience. Abundant wildlife complements the scenery with frequent sightings of spawning salmon, bald eagles, moose, waterfowl, mink, otters, wolves, and songbirds. The course was ecologically designed to enhance the salmon streams, maintain wetlands, and vegetation that is native to the area. Along the way, you may view seals, eagles, whales, birds, porpoise, spawning salmon, and even bears. With quality fishing gear, hone your skills landing rockfish,

red snapper, ling cod or halibut, or maybe even a world-class salmon. After fishing, the skiff heads to shore and a wilderness campsite, where a crackling fire awaits in a rain forest of ancient cedars and spruce. Here, you'll enjoy a gourmet meal of your own freshly caught fish, served atop a

saffron-infused, bouillabaisse-inspired stew (no shellfish). Savor sourdough rolls with a garlic-aioli spread, a signature rhubarb and blueberry compote, and steaming mugs of coffee or hot chocolate. You'll leave having experienced the Alaskan way of life.

Half-Day Salmon Sportfishing

Approximately 4 hours • \$\$\$

Sitka Sportfishing is one of Southeast Alaska's best-kept secrets. Sitka Sound offers an abundant supply of king, silver, chum and pink salmon. Combine this with dramatic views and opportunities to see marine wildlife, and you have an exciting excursion to experience. Your Captain is a Coast Guard-licensed, experienced fisherman. He will decide whether you will be "trolling" or "mooching." All equipment, tackle, bait and rain gear are provided. Dress warmly and wear rubber-soled shoes or boots. Your catch can be processed locally and shipped home at an additional charge (U.S. destinations only, credit card payment accepted).

Please note: Alaska State law requires a valid 1-day fishing license, which may be purchased for us\$20 cash from your fishing boat captain along with a us\$10 cash king salmon stamp (during king season May-June). Trolling involves using a downrigger to lower the bait to a specific depth. There are two downriggers, so up to four rods may be fished at once, allowing for fishing at different depths. Fishermen are rotated (instead of assigning rods) so that everyone has a fair chance to catch a fish. The rotation order is determined by lottery. The captain may elect to use only two rods if the fish are plentiful. Parties of five or six must be arranged no later than the day before arrival in port. Visit the Shore Excursion Office on board for these arrangements. Please see fishing information on page 11.

All-Day Salmon & Halibut Fishing

Approximately 7½ - 8 hours • \$\$\$\$

Join us for a full day of Alaska-style ocean sportfishing. Sitka enjoys an excellent catch rate for salmon and halibut. Depending on the season you will pursue king, silver or chum salmon and halibut. You will fish with a maximum of six guests. Salmon fishing is done by "trolling" with downriggers or anchoring and "mooching." Halibut fishing is done by anchoring and jigging. Halibut fishing can be weather dependent and there is a motion sickness advisory on this tour. Fishing the open ocean can be subject to ocean swell and wind chop. Your captain will do his best to fish both species, salmon and halibut, but on a small percentage of days, the halibut grounds are too rough to fish. In that event, the focus will be salmon.

Please note: Alaska State law requires a valid 1-day fishing license, which may be purchased for us\$20 cash from your fishing boat captain along with a us\$10 cash king salmon stamp (during king season May-June).
