

# Half Moon Cay

YOUR OWN PRIVATE ISLE

The best private island experience. That's the way readers of *Porthole Cruise Magazine* describe Half Moon Cay, Holland America's private island in the Bahamas. This 1,700-acre island — only two percent of which is developed — features a huge interior lagoon and a two-mile crescent of perfect beach rimmed by blue. Plus a host of luxurious amenities for a day of play like no other.

## Largely untouched

Earth and oceans are our #1 commitment, evidenced in the judicious non-development of Half Moon Cay. In fact, the island's fragile ecosystem is scrupulously guarded, so pristine and unspoiled that it has been designated a Wild Bird Reserve by the Bahamian National Trust.

## Saddle up

Enjoy a one-of-a-kind experience as you ride a specially trained quarter horse along the winding, equestrian-only trail to the island's highest point for breathtaking views — then through the surf as your horse splashes in the sea.

## Swim with stingrays

Graceful, gentle winged angels of the deep. Stingrays are curious creatures that will follow you anywhere for a simple piece of squid. Holland America Line visits several places where you can see or touch stingrays in the Caribbean, including Stingray Cove on Half Moon Cay.

## OPPOSITE

Coolly refreshing water slide at the Lagoon Aqua Park, Half Moon Cay.

## ABOVE, LEFT TO RIGHT

At Stingray Cove swim with the angels of the deep, touch their silky wings.

Saddle up and ride horseback into the sea.
