Southern Caribbean Intellectual Adventure

Bright Horizons™ 2

December 7th – 17th, 2008

www.InSightCruises.com/SciAm2

Are you open to mulling over interesting scientific problems as a part of vacation? Find out what it's like to recharge your mental batteries with cutting edge thought from experts while reenergizing your spirit with balmy breezes and nature adventures. Come along with Scientific American on the Bright Horizons cruise conference on Holland America's m.s. Noordam, sailing roundtrip Fort Lauderdale December 7–17, 2008.

Like to learn how to scrutinize and weigh medical studies? Looking to brush up your baseball physics color commentary? Game to hear a scientist discuss cosmology and the meaning of life (not to mention dark matter and topologies)? The potential to explore and discuss contemporary science with the experts awaits you, along with tropical delights and vibrant flora and fauna on Bright Horizons.

Cruise prices vary from \$1,099 for an Inside Stateroom to \$3,999 for a Full Suite, per person. (Cruise pricing is subject to change.) For those attending our Program, there is a \$1,275 fee. Taxes, gratuities, and a fuel surcharge are \$210.

Join Ira Flatow
Host of NPR Science Friday

A faculty of renowned scientists including Dr. Angelica de Oliveira-Costa (MIT: cosmology); Ira Flatow (NPR Science Friday); Dr. Alan Nathan (UIUC: physics of baseball); Dr. Howard Bluestein; meteorology); and Dr. Max Tegmark (MIT: cosmology) will gather

with SciAm's Bright Horizons community for a program of interactive talks, discussions, and social events.

Map out an intellectual adventure. Get the latest on the big picture. Visit www.InSightCruises.com/SciAm2 or call 650-327-3692 to get all the details, and then journey with Scientific American and a community of the intensely curious on Bright Horizons.
