Enjoy a short scenic drive around Sochi up into the lush green hills that overlook the city's pebble-strewn beaches. Here, nestled amongst towering California pine trees, you'll find the imposing two-story villa that was once Joseph Stalin's secret dacha. The subdued grey-green color of its imposing façade was intentional, serving to camouflage it from prying eyes, unfriendly visitors, or possible artillery attacks from the sea. Built in 1937, this stately residence with its shaded verandahs is now open to the public and serves as a remarkable and historic hotel for well-connected visitors to Sochi. The villa remains nearly as it was in Stalin's time, with most of its original fixtures still in place. There's even a life-sized wax image of Stalin, seated at his desk, before a silver inkpot that was presented to him by Mao Zedong. Leaving the dacha you'll next travel to the renowned Matsesta Spa, one of Sochi's oldest and most popular sulfur-springs spas that's housed in a palatial building. The word Matsesta literally means "fire water" and was named so by the ancient Adygs. The waters here are said to contain over 27 minerals, including sulfur, iodine, and bromine, and are considered to be therapeutic for the treatment of several medical conditions.

You can book early on our website and from our pre-cruise professionals by phone, all with the added benefit of using your Onboard Credits.

**Professional Assistance**
Our team of shore excursion specialists sail with you to provide assistance onboard and at the pier. Most tours also feature an Azamara escort for added support.

**Credible Local Operators**
You’re always in the capable hands of licensed and insured local independent operators who are committed to sharing their home with an authentic local perspective.

**Clarity & Convenience**
There are no surprises as Azamara includes venue fees and avoids hidden costs. Drop off and pick up points for every excursion are perfectly planned for maximum convenience.

* Tours that involve flights, special events, overland stays and hotel accommodations as well private arrangements may be subject to cancellation fees.

**When should I reserve my Shore Excursions?**
Please book your Shore Excursions as soon as possible since some tours can accommodate only a limited number of participants. Shore Excursions are sold on a first-come, first serve basis and we recommend that you purchase them in advance of your cruise in order to avoid disappointment. Onboard, you may purchase Shore Excursions through the interactive TV system in your stateroom (if available), by dropping off your booking form at the Shore Excursions desk or directly speaking to the Shore Excursions staff during the hours advertised in the ships daily program.

**How can I book Shore Excursions in advance via the Internet?**
You can purchase your Shore Excursions online by visiting our website, www.azamara.com/voyageplanner at any time. To pre-book a Shore Excursion, you will need your cruise reservation number (obtained from your travel agent or reservation agent), ship name, and sailing date. Once you have completed your purchase, an immediate recap of the selected tours will be provided along with a final e-mail confirmation when your credit card purchase is approved.
Your purchased tour ticket(s) will be delivered to you in your stateroom on the evening of embarkation. If you do not receive your tickets in your stateroom, please inquire at the Shore Excursions desk as soon as possible.

Kindly note that you have up to 2 days prior to your sail date to purchase your Shore Excursions online. Once within the 2-day sail date deadline, the booking system is closed and Shore Excursions are no longer available for pre-booking. From this point, all guests must book their Shore Excursions on board the ship on a first-come, first-serve basis.

**How can I use my Onboard Credit (OBC) pre-cruise?**

Guests booked on sailings starting September 2018 and beyond may use their OBC pre-cruise to reserve Azamara Shore Excursions before boarding up until 2 days prior to boarding. You have the option to use your full onboard credit or apply a portion of it towards your purchase; however, the difference must be paid with a credit card. If the credit amount is greater than the cost of the products selected, there will be a remaining OBC balance available for use for other shore excursion purchases, or onboard once you board the ship. To book your shore excursions, log in to Voyage Planner or contact us at 1-855-AZAMARA.

**How do I purchase Shore Excursions on board?**

To purchase Shore Excursions on board the ship, you must first sign up for a ship board credit account (SeaPass®) before you board at the terminal.

*Children's tickets are available on some tours ages 4 years to 12 years (inclusive). Guests aged 13 and over will be charged the adult price. A parent or guardian must accompany guests under 18 years of age on tours. Infants 3 years and under will be free of charge, subject to them not occupying a seat. Prices included herein are subject to change at any time.

**What is a tender port of call?**

There are some ports where the ship remains at anchor. Either the ship’s boats (tenders) or local boats will be used to transport you back and forth between the ship and shore. Tender ports are indicated on the itinerary pages. Guests with special needs should contact our Access Department at (866) 592-7225 (voice), fax (954) 628-9622, or send an e-mail to special_needs@azamara.com, or have your local Travel Agent or International Representative contact us if you need any special assistance or have any questions.

**What do Shore Excursions include?**

Shore Excursions include transportation according to the itinerary, meals, refreshments, guides, and entrance fees as indicated. Fares for Shore Excursions are subject to change without notice. All prices quoted are based on tariffs and exchange rates current at the time of printing, and are subject to increase with or without previous notice consequent upon any increase in the basic tariff and/or exchange fluctuations, which may accrue prior to commencement of the tours.

Prices for Shore Excursions are quoted per person and generally include local transportation, ranging from coaches, taxis, limousines, and boats. Meals

**When and where do Shore Excursions depart?**

Most Shore Excursions will meet in a lounge on board the ship prior to departing. When the ship is at anchor, staff will be on hand to assist you to the departure point.

Timings have been established according to information received from the local tour operators but are subject
to alterations. Should the vessel’s arrival time at the port be delayed or circumstances arise the Shore Excursion will be amended accordingly. Guests should be mindful of the fact that at ports where the ship lies at anchor, the afternoon Shore Excursions commence from the dockside, not the ship. Guests should, therefore, allow at least 30 minutes for the tender ride to shore.

**Things to consider when booking a Shore Excursion**
- If booking two tours in one day, please allow 45 minutes to an hour between tours.
- Tour departure times may vary from those listed on the order form, especially in ports where the ship must tender guests ashore. Please check your tour tickets for the time and location of departure. No announcements for Shore Excursions will be made on board the ship.
- Please note there are certain Shore Excursions that for safety reasons, age, weight, and/or height restrictions apply. The individual vendors impose these restrictions and Azamara must comply accordingly.
- Due to the various celebrations taking place during the year, kindly note that certain circumstances may arise where the tour content or itinerary may have to be altered without prior notice. This is beyond the control of either the local tour operator or Azamara.

**Is it possible to miss the ship?**
All guests are required to be back on board the ship no later than 30 minutes prior to the scheduled departure time, which is listed in the Daily Program and posted at the gangway. The scheduling of all Shore Excursions conforms to this requirement. If you leave a tour en route, it will be your responsibility to secure transportation and return to the pier on time. If for any reason a ship’s Shore Excursion is delayed, the ship will be notified and await the return of all tour participants.

**What type of transportation is used for Shore Excursions?**
Standards of transport vary considerably. Air-conditioned vehicles are not always available nor do all tour buses have restroom facilities on board. Please note that some countries have local restrictions and/or zoning laws that prohibit the use of the on board facilities and prohibit the idling of engines while parked at the various venues. Please also bear in mind that cars, taxis or mini-buses may be used in some ports where coaches are not available or are limited.

**What if I wish to take the same coach as my family or friends?**
Guests wishing to travel with friends should proceed to the point of departure as indicated on your Shore Excursion tickets, as this will help the tour staff to allocate space in the same vehicle.

**What if I wish to tour on my own?**
Guests who do not wish to join a Shore Excursions offered by Azamara must, therefore, rely on whatever transportation method might be available, at their own expense and responsibility. Private and/or taxi drivers may not be informed of the sailing hour of the ship and it is not certain that they will follow routes that are more desirable. In addition, considering the limited transportation facilities in some ports, relief cars may not be obtainable in case of breakdowns along the road.

Please be aware that we cannot offer any alternatives from the established Shore Excursions program. All of the programs are coordinated with independent tour operators and include a comprehensive overview of the most popular sites of interest. Azamara will not be liable for any loss, injury or damage to any person or property arising from guests choosing to tour the port on their own. These shore excursions are an exciting way to enjoy the sights and activities our ports have to offer. If you choose to tour the port on your own, please use the same safety precautions you would in any urban or tourist area. We cannot validate or account for conditions that
may not be suitable or safe for our guests.

Please keep in mind that some ports have visa requirements and restrictions that may prevent you for venturing off on your own.

**Will transportation be available from the ship to city centers?**
Many ports are not located in the city center. For the convenience of our guests, a complimentary shuttle bus service has been arranged in those ports (where applicable) that are located approximately 1 mile or more away from the closest city center and do not have adequate local transportation available. This service is set up to complement local transportation, and guests are welcome to utilize local services, when and where available. Details of which ports will have a shuttle service will be advised on board the ship.

**How should I tip our Guide/Driver?**
Extending a gratuity to your guide or driver is strictly optional; however, in some countries, these personnel may anticipate that if you are pleased with their services, you will reward them in a monetary way. A commonly accepted guideline is USD $3.00 per person for a half-day tour and USD $5.00 per person for a full-day tour.

**Will I miss meals when I go ashore?**
Most tour departure times complement the ships meal service hours, so you can enjoy your meal aboard and then go ashore. However, if you take more than one tour in a day, your return on board may not coincide with meal hours. You will be informed of meal times before arrival in each port. Full day tours include meals where indicated.

**What should I wear?**
Some countries may have more conservative ideas about dress than you are accustomed. To not offend local opinion, it is suggested that you dress conservatively. When visiting places of worship (temples, mosques, etc.), you should avoid wearing shorts, tank tops, or revealing clothing. Guests should wear comfortable walking shoes at all times. When visiting ruins or walking on cobblestone streets, wear rubber-soled shoes. It is also smart to wear a sun hat, protective sunscreen, and sunglasses.

**Will I have time to shop?**
Whenever possible, shopping time has been allocated within the framework of the Shore Excursion. However, tours are not designed for shopping and time is limited.

**What if I cancel my Shore Excursion?**
Guests enjoy the benefits of a hassle-free 48-hour cancellation period when reserving Shore Excursions. This flexible tour cancellation policy allows guests to cancel or modify tour reservations up to 48 hours prior to the scheduled tour departure without penalty. If changing or canceling a shore excursion within the appropriate non-penalty period, our valued guests will have two options: they can either contact the Shore Excursions team to reserve another tour, or if they choose to cancel, will have their onboard account credited in the full amount of the tour cost without penalty or fee.

Tours that involve flights, special events, overland stays and hotel accommodations as well private arrangements may be subject to cancellation fees.

**Refunds**
Tours purchased on board may be refunded if cancelled 48 hours prior to departure for that particular port. If notice of cancellation is received after closing date and hour, a refund can be assured only in the event of the
ticket being resold. Shore Excursions desk closing times will be published in the Daily Program.

No refunds are made to any guest who might cancel, deviate, leave, or otherwise not utilize all of the services scheduled to be provided by a Shore Excursion. Members of any tour who elect to leave the automobiles or motor coaches, in the shopping area, or elsewhere, must provide their own transportation at their own expense back to pier. Should any such tour, however, be abandoned through force majeure the best possible refunds will be arranged according to the circumstances.

No refunds will be made for failure to use all of the described services included in the tour price. Should any tour have to be abandoned due to difficulties en route, the best possible refund will be arranged according to the circumstances. Please note that tour lengths noted in this brochure are approximate.

**How strenuous are the Shore Excursions in each port of call?**
Most of the cities you will be visiting during your cruise vacation were built without regard for the modern conveniences and freedoms we may take for granted today. They offer quaint, narrow, cobblestone streets, and large bustling walkways that have been in existence long before the advent of motorized transportation. To preserve their antiquity, many cities and old towns are pedestrian-only, and may not be conveniently accessible for guests with mobility impairments. All of the Shore Excursions require some degree of mild, moderate, or strenuous walking. To assist our guests, we have rated each Shore Excursion within this brochure by the amount of walking and stair climbing needed to fully participate as indicated by the description.

Guests wishing to participate in activity type tours, (i.e. biking, kayaking, hiking, etc.), should be in excellent health and make themselves aware of the physical, age, and fitness requirements before making a value judgment as to whether or not to participate. Any guest with limitations, who are pregnant, who have had recent surgery, or are taking prescription drugs, should check with Shore Excursions before booking any activity type tours.

By booking Shore Excursions, you are also confirming that you and your party are in good physical and mental condition and have no history of seizures, dizziness, fainting, heart conditions or respiratory problems. You also confirm that no one is taking medicine that carries a warning about impairment of physical or mental abilities.
